

To win, enter **helipad** with *keys*, *gas*, and the *pilots_manual*.

To go from **river** to **clearing**, or **lake** to **helipad**, you need to have both the *boat* and *oars*.

To go from **helicopter** to **treehouse**, you need to have the *machete*.

To travel from **treehouse** to **tree** without falling in **pit**, you need to drop either the *boat* or the *oars* (although you falling will not lose you any time).

Fastest route (without falling in pit):

go north, get oars, go south, go east, get boat, go east, go south, go east, get machete, go west, go north, go east, go east, get keys, go west, go north, get pilots_manual, go south, go west, go north, get gas, go north, drop boat, go west, go south
